

FOR IMMEDIATE RELEASE

**Prime Meridian Bank Named Best Banks to Work For
For Fourth Year in a Row**

TALLAHASSEE, FL, August 31, 2018 – Prime Meridian Bank (OTCQX: PMHG) has been named one of the nation’s *Best Banks to Work For* in 2018 by American Banker magazine. The Bank has received this recognition every year since 2015, and this year is one of only five in Florida. Prime Meridian Bank ranked number 31 out of 85 banks awarded the honor nationwide.

The *Best Banks to Work For* program, which was initiated in 2013 by *American Banker* and Best Companies Group, identifies, recognizes and honors U.S. banks for outstanding employee satisfaction. Full results of this year’s program are available at [American Banker](#) and in the September issue of American Banker Magazine.

“Our team works hard every day on behalf of our clients, shareholders and each other,” said Sammie D. Dixon, Jr., Vice Chairman, President and CEO of Prime Meridian Bank. “Our culture is one of camaraderie, communication and doing things right, right away. When a team experiences the kind of transparency we promote, they appreciate it and that results in better banking and a better balance of work and home life.”

According to American Banker magazine editor Rob Blackwell, “Our annual ranking recognizes the financial institutions committed to investing in employees’ job satisfaction, career development and personal growth – a ‘return on assets’ that can be hard to measure by traditional means.”

“One of the most valuable assets for any organization is the team of people it employs,” said Blackwell.

Determining the *Best Banks to Work For* involves a two-step process. The first step involves an evaluation of participating companies’ workplace policies, practices, and demographics. In the second step, employee surveys are conducted to directly assess

the experiences and attitudes of individual employees with respect to their workplace. The combined scores determine the top banks and the final ranking.

Best Companies Group managed the survey process, data analysis and final rankings.
