PROCEDURES FOR VOTING SHARES

Solicitation and Voting of Proxies

This Proxy Statement and the enclosed Proxy Card are being furnished to the shareholders of Prime Meridian Holding Company ("Prime Meridian" or the "Company") as of the record date of March 12, 2018. The Company's Board of Directors ("Board") is soliciting proxies for use at the 2018 Annual Meeting of Shareholders ("Annual Meeting"). The Annual Meeting will take place on Thursday, May 3, 2018. Our Annual Report for 2017 is also included with this Proxy Statement. These documents are first being mailed to our shareholders on or about March 22, 2018, and provide important information about our business and our audited financial statements.

It is important that your shares be represented by proxy, or that you are present to vote in person at the Annual Meeting. We encourage you to vote by proxy by completing the enclosed Proxy Card and returning it, signed and dated, in the enclosed postage-paid envelope or vote by telephone or online by following the electronic voting instructions on the Proxy Card. Even if you presently plan to be in attendance at the Annual Meeting, in the event you unexpectedly are unable to attend the Annual Meeting and vote in person, we encourage you to vote by using the enclosed Proxy Card to ensure your vote is counted. Proxies solicited by the Board of Directors will be voted in accordance with the directions given therein.

The Board is recommending that you vote:

“FOR” – Proposal 1: The election of the thirteen (13) nominees to Prime Meridian’s Board of Directors, each to serve a one-year term.

“FOR” – Proposal 2: The ratification of the appointment of Prime Meridian’s independent auditors for the fiscal year ending December 31, 2018.

“FOR” – Proposal 3: The adjournment of the Annual Meeting in order to solicit additional proxies in the event there is an insufficient number of votes to approve either one or both of the foregoing proposals.

If you do not indicate a voting preference, the proxy holders will vote in accordance with the Board’s recommendations, as stated above. Although the Board of Directors knows of no additional business that will be brought up for consideration at the Annual Meeting, the execution of the enclosed Proxy Card or voting by telephone or online, confers discretionary authority on the proxy holders, as designated by the Board or as indicated on the Proxy Card, to vote your shares in accordance with their best judgment on any other business that may properly come before the Annual Meeting, or any adjournment thereof.

Voting Securities

The securities entitled to vote at this Annual Meeting are the outstanding shares of Company common stock, as of the close of business on March 12, 2018, which has been fixed by the Board as the record date (“Record Date”) for the determination of the shareholders entitled to notice of and to vote at the Annual Meeting. The total number of record holders of Prime Meridian’s common stock outstanding on the Record Date was approximately 351, with 3,120,569 shares of common stock outstanding.

Eligibility to Vote

In accordance with Florida law, the directors of Prime Meridian are elected by a plurality of the votes cast at a meeting at which a quorum is present. Other matters are approved if the affirmative votes cast by the holders of the shares represented at a meeting at which a quorum is present and entitled to vote on the subject matter exceed the votes opposing the action. A shareholder can abstain or withhold a vote with respect to any item submitted for shareholder approval. Abstentions have no effect on any vote. The Company’s Articles of Incorporation do not provide for cumulative voting; therefore, shareholders are entitled to one vote for each share held on all matters presented for consideration at the Annual Meeting.

Voting Your Shares

The manner in which your shares may be voted depends on how your shares are held, that is:

Shares Held in Your Name – If you are the record owner of our common stock, meaning that your shares of common stock are represented by certificates or book entries in your name so that you appear as a shareholder on the records of our stock transfer agent, a Proxy Card for voting those shares is included with this Proxy Statement. You may vote those shares by completing, dating, signing, and returning the Proxy Card in the enclosed postage-paid, pre-addressed envelope. You may also vote via the internet or telephone. The instructions for voting via the internet or telephone are provided on the enclosed Proxy Card. The website to access internet voting is www.investorvote.com/pmhg.

Shares Held in Street Name – If you own shares through a brokerage firm (referred to as shares held in “street name”), you may instead receive a Voting Instruction Form with this Proxy Statement that you may use to instruct your broker on how your shares are to be voted. As with a Proxy Card, you may vote your shares by completing, dating, signing, and returning the Voting Instruction Form in the envelope provided. Many brokerage firms have also arranged for internet or telephone voting of shares and provide instructions for using those services on the Voting Instruction Form.

If your shares are held in “street name,” under certain circumstances your brokerage firm may vote your shares. Brokerage firms have authority to vote their customers’ shares on certain “routine” matters. When a brokerage firm votes its customers’ shares on routine matters, those shares are also counted for purposes of establishing a quorum to conduct business at the meeting. A brokerage firm, however, cannot vote its customers’ shares on non-routine matters. Accordingly, such shares are not counted as votes against a non-routine matter, but rather are not counted at all for such matters. Proposal 1, the election of directors, is considered to be a non-routine matter.

Revocation of Proxy or Voting Instructions

Your presence at the Annual Meeting will not automatically revoke your proxy or voting instructions. If you hold stock in your own name you may, revoke a proxy at any time prior to its exercise by: (i) submitting a written notice of revocation to the attention of the Secretary of the Company; (ii) delivering to the Company a duly executed Proxy Card bearing a later date; (iii) or by attending the Annual Meeting and voting in person. Shareholders who hold stock in street name may revoke previously submitted voting instructions by contacting their brokerage firm, or by obtaining a legal proxy from the brokerage firm and voting in person at the Annual Meeting.

Attending the Annual Meeting

If you are the record owner of our common stock, you may attend the Annual Meeting and vote in person, regardless of whether you have previously voted by Proxy Card. If you own common stock through a brokerage account, you may attend the Annual Meeting, but in order to vote your shares at the Annual Meeting, you must obtain a “legal proxy” from the brokerage firm

that holds your shares. You should contact your brokerage account representative to learn how to obtain a legal proxy. In either case, we encourage you to vote your shares in advance of the Annual Meeting by one of the methods described above, even if you plan on attending the Annual Meeting, so we will be able to determine if a quorum is present. You may change or revoke your proxy or voting instructions at the Annual Meeting in the manners described above even if you have already voted by proxy, telephone or online.

Certain Shareholders

As of the Record Date, there is no person or apparent groups of persons, other than Prime Meridian's directors and officers collectively as a group, known by management to beneficially own five percent (5%) or more of the outstanding shares of Prime Meridian's common stock. The beneficial ownership of Company common stock held by our directors and officers is reported on page 9 of this Proxy Statement.

EXECUTIVE COMPENSATION

The cash compensation of the Vice Chairman, Chief Executive Officer and President (“Vice Chair/CEO/President”) of Prime Meridian and the Bank are paid pursuant to a Master Service Agreement, currently with 30% attributable to Prime Meridian and 70% attributable to the Bank. The cash compensation of the Chief Financial Officer and Executive Vice President (“CFO/EVP”) of Prime Meridian and the Bank are paid pursuant to a Master Service Agreement, currently with 25% attributable to Prime Meridian and 75% attributable to the Bank. Prime Meridian’s Compensation and Nominating Committee, working in conjunction with the Vice Chair/CEO/President, looks at different compensation alternatives to attract and retain qualified management, to meet short-term financial goals, and to enhance long-term shareholder value. The objective is to pay each executive officer the base salary that would be paid on the open market for a similarly qualified officer of that position. The Compensation and Nominating Committee determines the level of base salary and any incentive bonus for the Chief Executive Officer based upon competitive norms, derived from surveys published by independent banking institutes and private companies specializing in the analysis of financial institutions. Such surveys provide information regarding compensation of financial institution officers and employees based on the size and geographic location of the financial institution and serve as a benchmark for determining executive salaries.

In 2017, the Compensation and Nominating Committee established a performance matrix based on an increase in net income and total asset growth. To receive any bonus under this program, the Vice Chair/CEO/President must at least meet or exceed the performance objectives.

In connection with the Incentive Plan for Vice Chair/CEO/President Dixon, in early 2018, the Compensation and Nominating Committee approved the grant of 15,667 incentive stock options under the 2015 Stock Option Plan at \$17.21 per share, the fair market value as of the date of the grant and a \$39,480 cash bonus.

Effective January 1, 2017, the Executive Management team adopted an Incentive Plan for officers and employees to be used in determining cash bonuses based upon three components: overall bank performance; individual performance; and special recognition. Pursuant to the Incentive Plan, CFO/EVP Guemple earned and received a cash bonus of \$24,719 and Senior Lender/EVP Jensen earned and received a cash bonus of \$25,000.

In 2015, the Board of Directors adopted the Prime Meridian Holding Company 2015 Stock Incentive Compensation Plan ("2015 Plan"), which was then approved by the shareholders at the Annual Meeting of Shareholders. The 2015 Plan replaced the 2007 Stock Option Plan ("2007 Plan"). The 22,200 unexercised stock options granted under the 2007 Plan remain outstanding and will expire under the terms of the individual stock grants.

Pursuant to the 2015 Plan, selected employees and/or directors of Prime Meridian and the Bank are eligible to receive awards of various forms of equity-based incentive compensation, including stock options (incentive and non-qualified, as applicable), stock appreciation rights, restricted stock awards, performance units, and phantom stock, as well as awards consisting of combinations of such incentives.

The 2015 Plan is administered by the Company's Compensation and Nominating Committee, which has the authority to interpret the Plan, to establish rules as deemed necessary for the implementation or maintenance of the Plan, to determine grants for eligible participants under the Plan, to make all other decisions or determinations required or considered appropriate for the operation of the Plan and the distribution of benefits under the Plan, and to retain professional assistance in the evaluation of director and senior executive officer compensation. Our Board of Directors has reserved to itself the right to amend or terminate the Plan. However, no amendment may be implemented without approval of the shareholders to the extent such approval is required under applicable law, Code Section 422, Rule 16b-3, or any applicable stock exchange rule. Furthermore, in no case can options be re-priced either by cancellation and re-grant or by lowering the exercise price of a previously granted award.

Prime Meridian has limited the aggregate number of shares of common stock to be awarded under the 2015 Plan to 500,000 shares, but in no instance more than 15% of the issued and outstanding shares of the Company's common stock. However, the maximum number of shares available under the 2015 Plan is subject to appropriate adjustment in the case of any stock dividends, stock splits, recapitalizations, reorganizations, mergers, consolidations, exchanges, or other changes in capitalization affecting the common stock. As of December 31, 2017, there were 11,540 outstanding stock options under the 2015 Plan.

The following table provides information regarding stock options held by each of our named executive officers as of December 31, 2017. The stock options shown in the table were granted under the 2015 and 2007 Plan and have a per share exercise price equal to or greater than the fair market value of our common stock on the grant date. In 2017, Mr. Guemple exercised options to acquire 1,400 shares, and Mr. Jensen exercised options to acquire 2,500 shares.

DIRECTOR COMPENSATION

In 2017, the Bank paid its directors \$825 per Board meeting attended, \$165 per Board committee meeting attended, and \$247.50 to chair a Board committee meeting, all of which could be paid in cash or shares of the Company's common stock, as described below. In addition, the Chairman of the Board was paid a \$6,000 annual retainer in 2017. Additionally, Mrs. Jones was paid a \$59,167 consultant fee in 2017 for her role as Senior Advisor following her retirement as Executive Vice President and Chief Financial Officer on December 31, 2015. The Bank paid a total of \$214,562 in the aggregate of fees paid in cash and shares of stock to its directors in 2017.

In 2012, Prime Meridian's Board of Directors and shareholders adopted the Directors' Compensation Plan (the "Directors' Plan"). The Directors' Plan permits Prime Meridian's and the Bank's directors to elect to receive any Board or committee fees to be paid to them in shares of Prime Meridian's common stock. Pursuant to the Directors' Plan, each director is permitted to make an election to receive shares of stock instead of cash. To encourage directors to elect to receive stock, the Directors' Plan provides that if a director elects to receive stock, he or she will receive in common stock 110% of the amount of cash fees set by the Compensation and Nominating Committee and approved by the Board. The value of stock to be awarded pursuant to the Directors' Plan will be the closing price of a share of common stock as traded on any national

market or exchange, or a price set by the Compensation and Nominating Committee and approved by the Board, acting in good faith, but in no case less than fair market value. In 2017, the Board used the greater of quarter-end book value or quarter-end weighted average market price to determine what the fair market value of Prime Meridian common stock was for purposes of the Directors' Plan. The maximum remaining number of shares to be issued pursuant to the Directors' Plan is limited to 58,102 shares, which is approximately 1.86% of the total shares outstanding as of the Record Date. In 2017, our directors received 3,912 shares of common stock, in lieu of cash, under the Directors' Plan.

The following table sets forth the cash compensation or stock compensation paid, earned, or awarded during 2017 to each of our directors other than executive officers Mr. Dixon, Mr. Guemple, and Mr. Jensen, whose compensation is described in the "Summary Compensation Table" on page 11.

Audit Committee

General

In accordance with its Charter, the Audit Committee reviews the auditing, accounting, financial reporting, and internal control functions of Prime Meridian and the Bank. This Committee also recommends the independent auditing firm and reviews its services. During 2017, the Company's Audit Committee held four meetings. A copy of the Audit Committee Charter is available on the Company's website at <http://investors.primemeridianbank.com>.

Report of the Audit Committee

The opinion of the Board of Directors is that in 2017, each member of the Audit Committee was an "independent director" using the standards set forth under Section 5600 of the NASDAQ Stock Market Rules. The Audit Committee reviews the auditing, accounting, financial reporting, and internal control functions for both Prime Meridian and the Bank. The duties of the Audit Committee are primarily focused on three areas:

- the adequacy of internal controls and financial reporting process and the reliability of Prime Meridian's and the Bank's financial statements;
- the performance and independence of Prime Meridian's and the Bank's internal auditors and independent auditors; and

- ensuring that Prime Meridian and the Bank are in compliance with applicable legal and regulatory requirements.

The Audit Committee also recommends to the Board the appointment of the independent auditing firm and reviews its performance, fees, and independence from management.

Members of the Audit Committee met with management periodically to consider the adequacy of Prime Meridian's and the Bank's internal controls and the objectivity of their financial reporting. These matters are discussed with Prime Meridian's and the Bank's independent auditors, Hacker, Johnson & Smith, P.A., and with management. The independent auditors have unrestricted access to the Audit Committee, and vice versa.

The Board of Directors has determined that none of the current members of the Audit Committee has a relationship to Prime Meridian or the Bank that may interfere with each member's independence from Prime Meridian and the Bank and its management.

Director Crona, an independent director, is the Chairman of the Audit Committee and has been designated the Audit Committee Financial Expert based upon his extensive accounting background. The Board believes that all of the Audit Committee members have a level of financial literacy and familiarity with banking operations sufficient to provide strong financial guidance for the Company.

Management has primary responsibility for the preparation of financial statements for Prime Meridian and the Bank, as well as the overall reporting process, including the system of internal controls. The independent auditors audit the annual financial statements prepared by management, express an opinion as to whether those financial statements fairly present the financial position, results of operations, and cash flows of Prime Meridian and the Bank in conformity with accounting principles generally accepted in the United States of America. The independent auditing firm is given the opportunity to discuss any issues it believes should be brought to the Audit Committee's attention. The Audit Committee will monitor these processes, relying without independent verification, on the information provided and on the representations made by management and the independent auditors.

During 2017, the Audit Committee reviewed Prime Meridian's unaudited financial statements and in the first part of 2018, reviewed the Company's audited financial statements as of, and for, the fiscal year ended December 31, 2017. In 2017 and the first part of 2018, the Audit Committee met with both the management and the independent auditors of Prime Meridian and the Bank to discuss the Form 10-Q and Form 10-K filings and the financial statements of the Company. Management has represented to the Audit Committee that these filings and financial statements were prepared in accordance with accounting principles generally accepted in the United States of America.

The Audit Committee received from and discussed with Prime Meridian's and the Bank's independent auditors the written disclosure and the letter required by applicable requirements of the Public Company Accounting Oversight Board regarding the independent accountant's

communications with the Audit Committee concerning independence. These items relate to the auditing firm's independence from Prime Meridian and the Bank.

The Audit Committee also discussed with the independent auditors any matters required to be discussed by the Statement on Auditing Standards No. 61. (Communication with Audit Committees).

Compensation and Nominating Committee

Director Nominations

The Compensation and Nominating Committee evaluates director candidates for Prime Meridian's Board of Directors, taking into consideration the nominee's business background, involvement in the community, prior banking experience, and client relationship with Prime Meridian and the Bank. A copy of the Compensation and Nominating Committee Charter is available on the Company's website at <http://investors.primemeridianbank.com>.

The Compensation and Nominating Committee annually reviews the composition of the Board, as a whole, to consider if there is an appropriate balance of knowledge, experience, skills, expertise, and diversity in the Board, and whether there are at least a minimum number of independent directors as required by applicable rules and regulations. The Compensation and Nominating Committee considers if its composition accurately reflects the Company's needs, and will, if necessary, propose the addition or resignation of members in order to obtain an appropriate balance and skill level.

In evaluating our directors for nomination, the Compensation and Nominating Committee considers what is in the best interest of Prime Meridian and its shareholders, including the director nominee's knowledge, experience, integrity, and judgment; the past and/or potential contributions of each director nominee; a director nominee's ability to devote sufficient time and effort to the duties required as a Board member; independence and willingness to consider all strategic proposals; core competencies or other technical experience. In addition, the director nominees are assessed on their integrity, judgment, knowledge, experience, skills, and expertise and their ability to oversee and direct the affairs of the Company.

Compensation

The Compensation and Nominating Committee serves with regard to compensation and personnel policies, programs and plans, including management development and succession, and

to review and approve compensation and benefit programs for executive officers of Prime Meridian and the Bank. The Compensation and Nominating Committee met seven times in 2017. A copy of the Compensation and Nominating Committee Charter is available on the Company's website at <http://investors.primemeridianbank.com>.

Compensation Philosophy

The Board of Directors' compensation philosophy is to determine appropriate levels of executive compensation and to ensure that executives meet objectives which align with the interest of the Company's shareholders. The objectives listed below are established to enhance shareholder value:

- Establish a pay for performance culture that rewards executives accordingly;
- Attract, retain, and motivate a competent executive management team through a balanced and comprehensive compensation strategy;
- Develop short-term and long-term performance goals that are tied to the strategic vision and direction of the Company and Bank; and
- Maintain competitive compensation levels comparable to market practices.

The total compensation, including benefits, paid to executives is based on the individual executive officer and the skillset that the executive brings to Prime Meridian, the Bank, or both. Those, coupled with the level of responsibility and annual performance, make up the components used by the Compensation and Nominating Committee and ultimately the Board of Directors to determine executive compensation. When compensation is reviewed by the Compensation and Nominating Committee, consideration of community bank peers, local market conditions and the banking industry are also included as determining factors. The base salary for each executive represents a large component of total compensation. There are many subjective factors used to determine the appropriate base salary which include individual performance, job responsibilities, experience level, ability and knowledge of the position, and overall performance of Prime Meridian and the Bank. The Compensation and Nominating Committee incorporates recommendations from the Vice Chairman, Chief Executive Officer and President with regard to the compensation of the other executive officers.

Compensation Discussion and Analysis

The Compensation and Nominating Committee for Prime Meridian and the Bank is comprised of: *Steven L. Evans; Kathleen C. Jones; Robert H. Kirby; Frank L. Langston; Steven D. Smith, Chair; and Richard A. Weidner*. The charter of the Compensation and Nominating Committee requires that all but one of its members be "independent directors." The opinion of the Board of Directors is that in 2017, each member of the Compensation and Nominating Committee was an "independent director" using the standards set forth under Section 5600 of the NASDAQ Stock Market rules, except for Mrs. Jones, who was employed by Prime Meridian during 2015, who received consulting fees in 2016 and 2017, and whose spouse is employed by the agency which sells insurance to Prime Meridian and the Bank.

In April 2017, the Bank retained Hunt Financial Group to assist in assessing current market practices and developing and implementing policies and practices that would continue to complement the Bank's strategic objectives. Reviews for executive compensation and director compensation prepared by Hunt Financial Group were utilized by the Compensation and Nominating Committee. The compensation advisor was paid \$10,000 for its services. The Compensation and Nominating Committee determined the information provided by the compensation advisor to be a useful tool in its evaluation of executive and director compensation.

Under its Charter, the Compensation and Nominating Committee may retain the services of Hunt Financial Group or another compensation consultant, independent legal counsel, and other advisors that it deems necessary or advisable. The fees for such services may be paid by Prime Meridian or the Bank. If the Compensation and Nominating Committee elects to obtain such services it will consider the following independence factors: the provision of any other services provided by an advisor to Prime Meridian; the amount of any fees received, as a percentage of the total revenues of the advisor; the policies and procedures used by Prime Meridian to prevent conflicts of interest; any business or personal relationships of the advisor with members of the Compensation and Nominating Committee; and any stock owned by the advisor. The Compensation and Nominating Committee is responsible for determining the compensation and providing oversight of such advisors if retained.

Report of Compensation and Nominating Committee

The Compensation and Nominating Committee has reviewed and discussed with management the foregoing Compensation Discussion and Analysis. Based on this review and these discussions, the Compensation and Nominating Committee recommended to the Board of Directors that the Compensation Discussion and Analysis be included in this Proxy Statement.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

We encourage our directors, executive officers, and their immediate family members to establish client relationships with the Bank. Loans made to directors, executive officers, and their immediate families, as well as any principal shareholders, require approval of a majority of the disinterested directors approving the loan. All transactions between the Company or the Bank and their directors, executive officers, the immediate family members of directors and executive officers, employees, and any principal shareholders, were made in the ordinary course of business on substantially the same terms, including interest rates and collateral, as those prevailing at the time for comparable transactions with non-affiliated persons, and in the opinion of management, did not involve more than the normal risk of collectability or present any other unfavorable features.

As of December 31, 2017, loans to directors, executive officers, and their immediate family members or businesses represented \$5.9 million, or approximately 2.3% of the Bank's total loan portfolio. All of these loans are current and performing according to their terms.

During 2017, Prime Meridian and the Bank purchased various insurance policies through Earl Bacon Agency, Inc. that employs the spouse of Mrs. Jones. The premiums paid totaled \$732,745 and included health insurance premiums for employees.

PROPOSAL 2 – RATIFICATION OF THE APPOINTMENT OF THE INDEPENDENT AUDITORS

Through this proposal the Company is seeking the shareholders' ratification of this appointment. In the event the shareholders do not ratify this appointment, our Board of Directors will consider the selection of an alternative independent auditing firm.

During 2017 and 2016, the Company expensed the following fees for professional services to Hacker, Johnson:

	<u>2017</u>	<u>2016</u>
Audit Fees ¹	\$ 36,500	\$ 33,000
Tax Fees ²	8,500	8,000
All Other Fees ³	<u>34,000</u>	<u>33,500</u>

(1) Includes professional services rendered for the audit of the Company's annual financial statements, including out-of-pocket expenses.

- (2) Includes the preparation of state and federal tax returns and assistance with tax questions and research.

The Board of Directors Recommends that Shareholders Vote "FOR" the Ratification of the Appointment of Hacker, Johnson & Smith, P.A., as the Independent Auditors for the Company for the Fiscal Year Ending December 31, 2018.

PROPOSAL 3 – ADJOURNMENT OF THE ANNUAL MEETING

The Board of Directors is asking for your approval to adjourn the Annual Meeting in the event that there are an insufficient number of votes to approve Proposals 1 or 2 at the Annual Meeting. In order to permit proxies that have been timely received by the Board to be voted for an adjournment, we are submitting this Proposal as a separate matter for your consideration. If it is necessary to adjourn the Annual Meeting and the adjournment is for a period of less than 30 days, no notice of the time and place of the reconvened meeting will be given to shareholders, other than an announcement made at the Annual Meeting.

The Board of Directors Recommends that the Shareholders Vote "FOR" the Adjournment of the Annual Meeting.

SHAREHOLDER PROPOSALS

In order to be eligible for inclusion in the Company's proxy materials for the 2019 Annual Meeting of Shareholders, any shareholder's proposal to take action at such meeting must be received at the Company's corporate headquarters at 1897 Capital Circle NE, Tallahassee, Florida 32308, no later than November 22, 2018.

SOLICITATION

The cost of soliciting proxies on behalf of the Board for the Annual Meeting is being borne by Prime Meridian. Proxies may be solicited by directors, officers, or other employees of the Company in person or by telephone, e-mail, mail, or other means of communication. The Company is requesting persons, firms, and corporations holding shares in their names, or in the names of their nominees for the benefit of others, to send proxy materials to and obtain proxies from such beneficial owners.
